Endorsement - Signature or Stamp

WARNING: Absence of one or more of the following Security Features may indicate alteration.

Warning Band - Notifies document handlers that security features are present.  
Watermark - Distinctive pattern in the paper. Hold up to a light source to view.  
Fibres - Visible only under black light.  
Microline Printing - Tiny type in border that can't be read if scanned or copied.

Attempts to chemically alter this document will activate a chemical reaction that appears as a stain in the paper. Paper has TonerFuse™ that bonds dry toner image to the paper fibres making alteration by scraping or tape very difficult.
